## LABOTTEGA®

At La Bottega, we believe that every venue tells a story. When one listens very carefully, the heritage, ambiance and character of your hotel speaks to the very soul of your guest. To listen, to learn, to share willingly, these are the characteristics of true hospitality. We are the storytellers who unveil these hidden tales and turn them into an intimate experience between the hotel and its guests.

Understanding the uniqueness of each hotel, its individuality and personality is essential in La Bottega's inspiration to embark on a journey of discovery. We create exclusive bespoke collections. We convey beauty by capturing the sense of a place, the story and heritage in our product details: an iconic name, an emblematic number, a special date, a treasured memory, a faded picture.

Dressed in alluring shadows, in the midnight hour, all these elements evoke emotions that intertwine with a compelling scent, capturing a one-of-a-kind experience to transport your guest on an olfactory odyssey enhanced with notes of mood and memory.

A photograph of a person's shadow cast onto a light-colored wall. The shadow is dark and occupies the left side of the frame. The wall is illuminated by a warm, golden light from the left, creating a soft glow. The right side of the image is dark, suggesting a doorway or a transition to another space.

Her hands are holding a dark, cylindrical object, possibly a perfume bottle, which is illuminated by a warm, golden light. The background is dark and out of focus.

*Do what you love*

A dark silhouette of a hand holding a pump bottle against a warm, textured background. The background has a vertical wood grain pattern and is lit with a warm, golden-brown light. The hand and bottle are in deep shadow, contrasting with the bright background. The text "Collect moments, not things" is written in a white, cursive font across the middle of the image.

*An invisible yet  
unforgettable accessory*

A close-up, low-angle shot of a woman's face and hands. She is looking down and slightly to the side, with her hands clasped together near her chest. The lighting is warm and dramatic, coming from the left, highlighting her skin and the texture of her hair. The background is dark and out of focus.

The background is dark and out of focus, showing some furniture like a wooden chair.

*Silence is an answer too*
